Transforming lives in the community since 1890.

Everyone has a story to tell. Just ask us…
Introduction

As a part of West Side Community House’s (WSCH) efforts to be green, we have invested considerable time and energy in developing our website and Facebook page to showcase our programs and services electronically as well as to offer an opportunity to download information.

This bare bones annual report is our effort to reduce paper waste and focus our resources where there will be the greatest return on investment. We hope that you will visit our website at www.WSCHouse.org and Like Us on Facebook at www.facebook.com/WestSideCommunityHouse to learn more about our programs and the people we serve.

History and Background

West Side Community House (WSCH) was founded in 1890 as the Methodist Deaconess Home of Cleveland. WSCH has operated as a private, nonsectarian nonprofit 501(c)3 social service agency since 1964, owned and operated by a board of managers. We maintain a covenant relationship with United Methodist Women.

We work to meet the needs of the community residents by providing an array of model programs and services for children, families and older adults. Services are open to all social, racial, ethnic and income groups but are targeted to those who are most vulnerable and at-risk. Our programs strengthen the family, provide opportunities to learn and grow, support independent living, encourage economic self-sufficiency, and renew the life spirit.

Our Mission

Transforming lives in the community.
All services provided at West Side Community House are free to individuals who meet specific program and service requirements. More information is available at [www.WSCHouse.org](http://www.WSCHouse.org).

**Family-to-Family** – provides supportive services to foster and adoptive families, identifies families in crisis through community referrals and self-identification and provides wraparound services to prevent the need for County involvement. Professional social work staff link families to hundreds of services in the community. Family team meetings and parent support groups are key elements of the success of this program.

In 2017 staff members held ten collaborative meetings attended by 237 direct service staff members from community service providers and made 6,288 referrals for 786 families linking them with services in the community to help stabilize and connect them with the supports they need to become strong and resilient.

(In 2017 we served 786 families with 2,358 children under the age of 18. A majority of these families (82%) live below 200% of the Federal poverty level.)

**Tapestry System of Care** - serves system involved youth with mental health conditions and their families. Two WSCH Family Advocates are contracted to work intensively over a long period of time to help families reach their goals. They link them to resources within the community.

(In 2017 we served 148 families, with 444 children under the age of 18. At least 85% of these families live below 200% of the Federal poverty level.)

**Community Wrap Around School** – West Side Community House is the lead agency for the United Way Wraparound School Project at H. Barbara Booker School. During 2016-17, we provided services for and engaged with 388 students and their families. We facilitated six afterschool programs for Booker scholars that challenged them to increase their reading and math skills. (Over 95% of participants live at or below the poverty level.)

**Wrap for Success (W4S)** - empowers parents through the successful completion and comprehension of the ACT Course including W4S Warm Up and Graduation sessions, and attendance at monthly Family Night and First Fridays meetings where they participate in interactive workshops with other community parents that are responsive to the challenges and needs that they identify. In addition, as appropriate, we make referrals both internally to our family and youth programs, and externally to community partners. (In 2017, 43 parents participated in 8 wrap sessions and 433 parents and children attended 32 group meetings including Family Nights, Parents with a Purpose, Parent Leadership Group and Financial Literacy Training. Over 90% of participating parents are currently or were previously system involved.)

**Youth Services** - activities are geared toward building strong educational values, high literacy, self-esteem, self-discipline and independence. Sisterhood is an after-school and
summer arts program that prepares girls ages 10 - 18 for womanhood and their life beyond. In 2016-17, we served 680 girls. Forty percent live at or below the Federal poverty level, 53% are between poverty and 200%. Sisterhood participants come from as far west as Olmsted Falls and as far east as Euclid.

**Healthy Aging** - we promote healthy aging and link people with resources so they may lead happy and fulfilling lives while living independently in the community. We provide a full array of services for seniors 60+, and disabled adults age 50-59 including: congregate meals (90 each weekday), produce distribution, health and wellness programming, transportation, supportive services; and home delivered meals (153 per day) for 60+ qualifying participants. In 2017 we served 1,214 seniors. Over half live at or below the poverty level with an additional 36% below 200% of poverty. Participants come from as far west as Bay Village and as far east as Central.

**Overall Agency Statistics**

In 2017 West Side Community House served 6,879 children, families and seniors through an innovative array of programs and services.

Of all the people served, over 6,000 of them, or 88%, live at low-income to below the Federal poverty level. The vast majority of the remainder live at levels just above low-income.

Program participants came from the western half of Cuyahoga County with the majority of people coming from the following Cleveland Statistical Planning Areas (SPAs): Brooklyn-Centre, Clark-Fulton, Cudell, Detroit-Shoreway, Edgewater, Jefferson, Ohio City, Puritas-Longmead, Stockyards, Tremont, and West Boulevard.
Executive Director, Dawn Kolograf, has been director since 1991. Dawn holds a BSW from Kent State University and an MEd from Cleveland State University. Under Dawn’s leadership, the agency doubled in size with the inclusion of family service programs. In 2006, after conducting a $2.3 million capital campaign, Dawn successfully saw WSCH relocated to a new, fully accessible building in the heart of the agency’s core service area.

Family Services Director, Rachelle Milner, LISW, holds a BSW from Clark Atlanta University and an MSSA degree from Case Western Reserve University. Rachelle manages the Family-to-Family, Tapestry Systems of Care and Wrap for Success programs at West Side Community House, which have grown to serve over 1,000 families in crisis each year. She joined the WSCH management team in 2003.

Healthy Aging Director, Yvette Medina, created a bi-lingual, Spanish component in the program. She began as a teen intern at WSCH in 1984 and became a member of the senior staff in 1988. She worked her way up to become director in 2006. Under her leadership, two senior sites successfully merged into one and the Community Aging Initiative and Healthy Bodies-Healthy Minds program were developed.

Youth Services Director, Allison McClain, has a BA and MA in English from University of Toledo. Ali manages the Sisterhood and Summer of Sisterhood programs. She is a professional poet and musician and is currently pursuing a MFA in Poetry from Cleveland State University. The Summer of Sisterhood summer arts camp was developed under her leadership, resulting in seven CDs and a DVD. Ali joined WSCH in 2010.

Administrative Assistant, Gloria Perez, joined WSCH in 1998 after working with the Cleveland Community Building Initiative. Formerly an administrative specialist in the Army National Guard, she is the agency’s go-to person and is bi-lingual/Spanish.
West Side Community House
2018 Transitions

West Side Community House (WSCH) Executive Director, Dawn Kolograf, will retire in June of 2018 from the position she has held for over 26 years. On August 22, 2017, the WSCH Board of Managers unanimously selected WSCH Family Services Director, Rachelle Milner, MSSA, LISW-S, to transition into the role of executive director on July 1, 2018.

Dawn became executive director in 1991 after earning her MEd from Cleveland State University. Under Dawn’s leadership, WSCH has responded to the changing needs of the community by developing cutting-edge programs. In 2006, Dawn led a capital campaign and relocated WSCH to West 93rd and Lorain in response to the westward migration of program participants caused by gentrification.

Although Dawn will miss the interaction with participants and her work to transform lives alongside her dedicated and talented staff, she is very pleased to be leaving WSCH in the hands of someone who loves it as much as she.

Dawn hired Family Services Director, Rachelle Milner, in 2003. Under Rachelle’s leadership, WSCH Family Services grew to include evidence-based programs that help strengthen and stabilize at-risk families and prevent or minimize system involvement.

Rachelle has an MSSA from Case Western Reserve University and is an LISW. In addition, Rachelle spent two years as a CRSI Scholar at the Case Center for Reducing Health Disparities at MetroHealth.

As executive director, Rachelle plans to position WSCH “to be an innovative trendsetter” and to continue to “advocate for the needs of our clients by forging new relationships and re-establishing the settlement house presence in our community.”

Please join us on Thursday, June 21 to celebrate Dawn’s years of mission-driven work and to meet Rachelle, the incoming director.

2017 In-Kind Donors

Due to your generosity, we raised funds to support our services and were able to provide hundreds of inner-city families, youth, and senior participants with gifts for the holidays. We also were able to provide participants in crisis with diapers, car seats, cribs, blankets, gloves, hats, scarves, shoes, clothing and other necessities, enhance program activities and help with fundraisers. You put smiles on many faces and brought joy and hope to many a weary heart.
